# Louisiana COOKIN'

## Mardi Gras Gumbo

Louisiana crab cakes are a wondrous thing, but it's rare to find a frozen version that lives up to expectations. One that does is Baby Cakes Brand Crab Cakes made in New Orleans with a crabmeat content of 50 percent. Available in several sizes, the crab cakes are moist, flavorful and taste like crab. All they require is a quick saute in a little butter or oil and a squeeze of lemon. The appetizer-size cakes (1.15 ounces each) are perfect for a party. Shrimp and crawfish versions are also available. A 75-cake party box, which includes a remoulade sauce mix, is \$29.95, plus shipping and handling, from Carnival Brands, 800-925-2774.
